Sew a 1" x 17-1/2" inner border strip to each side of background square. Press toward borders. Sew 1" x 14-1/2" inner border strips to top and bottom of quilt center. Press toward borders.

Trace the spiderweb embroidery onto the background.

Following manufacturer’s instructions, fuse batting rectangle to the wrong side of quilt top. Quilt the white background of the quilt center only. By quilting this section now, you won’t have to stitch over the embroidery or around the buttons. We used a simple cross-hatch pattern.
Using your favorite embroidery stitch, hand stitch the spiderweb and spider legs with black 12 wt. Aurifil Thread. We used a basic backstitch.

Using black 12 wt. Aurifil Thread, stitch “TRICK OR TREAT” letters onto buttons. You can stitch them directly to the quilt while stitching the letter, but it is easier to stitch the letters first, then sew them to the quilt top. Stitch 2 beads for eyes onto the “O” button. Make sure to center the “O” button on the spider legs.

Lay the quilt top wrong sides together with the backing fabric and pin to baste. Quilt as desired. We stitched in the ditch around the quilt center and in between the black and orange rectangles and spider print squares.

Join binding strips together end to end and bind edge of quilt.
